I am a Junior Full Stack Web Developer studying Computer Science, with hands-on experience in Next.js, React, Node.js, and Express. I am skilled in Web Fundamentals, Frontend Development, and Database Programming using SQL Server, MySQL, and PostgreSQL. I enjoy building clean, user-friendly web applications that solve real world problems. Passionate about both frontend design and backend logic, I'm eager to contribute to meaningful projects, grow my skills, and collaborate with others. Let's connect and create something great together!
